## WALKER TO VISIT MOTHER MOONEY

### MAYOR TO QUESTION PRISONER UPON HIS ATTITUDE IF FREED

Would Learn Whether Convict Will Turn Agitator

SAN FRANCISCO, Nov. 25.—Mayor James J. Walker planned to visit "Mother" Mooney today.

This visit will impart a human interest touch to the New York mayor's dramatic legal fight to free Tom Mooney, the labor leader who is serving a life sentence on conviction of having participated in the Preparedness Day bombing here in 1916 when ten persons were killed and forty injured.

Mrs. Mooney is 34 years old and falling in health. She is eager to see the man who dropped his official duties in the largest city in America and crossed the continent to battle as "a private citizen and a lawyer" for her son. She wants to express her gratitude and the mayor, on his part, desires to assure the silver-haired old lady that he will do everything in his power to aid her son.

Later—perhaps within the next few days—Mayor Walker may visit Mooney in his cell at San Quentin prison. Last evening Frank P. Walsh, senior counsel for Mooney, State Senator John Hastings of New York and Edward N. Nockels, secretary of the Chicago Federation of Labor, visited the prison and talked to Mooney. It is believed they apprised Mooney of Walker's intention of visiting him.

Mayor Walker's reason for wanting to talk to Mooney has been carefully soft-pedaled. It was reported on good authority, however, that the mayor is anxious to learn from Mooney's lips what his attitude would be in the event the mayor's personal plea to Governor James R. Rolph, Jr., for a pardon is successful and Mooney is liberated.

Would Mooney blossom out as an agitator or would he be grateful for his release and quietly go into more or less seclusion? These are important questions. Mayor Walker unquestionably would like to be certain that the man for whom he is to plead, will not, in the event he is liberated, turn around and lend himself to radical movements that are inimical to American institutions, it was held by those close to Walker.

"The Mooney case," Mayor Walker told newspaper men here, "is one that should be settled. It is a constant menace to peace in the industrial world because it is the symbol around which the radicals rally in staging their recurring demonstrations. The case is continually cited by radical leaders as an example of American injustice. It is a live case here, in the east, and internationally."

Mayor Walker this afternoon will make his first definite move in his campaign to obtain a pardon for Mooney when he will confer with Governor Rolph before whom he is to make a personal plea at a hearing on December 1. Also present at the conference will be Attorney Aaron Shapiro of New York and San Francisco who long has been identified with the Mooney cause.

### DEMOCRAT ELECTED IN TEXAS DISTRICT

Will Succeed Late Rep. Wurzbach

SAN ANTONIO, Tex., Nov. 25.—Richard J. Kleberg, Democrat of Corpus Christi, today was Texas' new representative in congress. He was elected in yesterday's special congressional poll held to choose a successor to the late Rep. Harry M. Wurzbach, Republican.

Incomplete returns early today from all counties of the fourteenth district gave Kleberg a lead of nearly 5,000 over his leading rival Carl Wright Johnson, also a Democrat. Charles W. Anderson, Republican and formerly Rep. Wurzbach's campaign manager, emerged from the count a poor third.

Latest election returns accorded Kleberg 14,576 votes. Johnson had 9,643, while Anderson polled 3,621 ballots.

The successful candidate favored prohibition modification in his campaign platform.

### FORMER TENNESSEE GOVERNOR IS DEAD

JOHNSON CITY, Tenn., Nov. 25.—Former Governor Alfred A. Taylor, 83, of Tennessee, died here today after an illness of many months. Immediate cause of death was uremic poisoning.

"Uncle Alf" Taylor, long a beloved figure in Tennessee, became critically ill early yesterday.

### HERE IT COMES!

COLUMBUS, O., Nov. 25.—Winter winds whistled around the corners of Ohio today, snapping off a spell of unseasonal warm weather which has established several high temperature records during the month.

The first snow of the season was predicted for today by weather bureau officials who said that freezing temperatures would follow. Mercury was expected to drop as low as 24 to 28 degrees.

### LATE REPORTS REDUCE CHEST DEFICIT HERE

Fund Still \$3,661 Short; Still Hope To Reach Goal

Related subscriptions aggregating \$375.53 turned in to fund headquarters Tuesday, substantially reduced the deficit of the current Xenia Community Chest campaign.

The chest fund now totals \$8,348.65, but is still \$3,661.35 short of the \$12,000 goal set at the beginning of the fourth annual drive, which closed officially Monday night.

Chest officials have far from abandoned belief the drive has been a failure. They base their optimism on the fact complete reports have been submitted by only six of the thirty city districts.

Three teams of workers went "over the top," raising more than their assigned quota in their respective territories. Harold Owens, H. E. Heathman and John Baldwin were the regional chairmen of these three sections, each assisted by four or five volunteer workers.

Receipts derived by the chest fund from the benefit motion picture shows presented by the Bijou and Orpheum Theaters Monday night totaled \$178.95. The first shows at both theaters that evening were well patronized and all proceeds were turned over to the chest organization.

A check for \$25 from the estate of a late civic-minded Xenian, sometime deceased, was received by chest officials Tuesday.

An appeal for "second contributions" is now being issued by the chest organization in the belief the existing shortage in the fund will be materially reduced if Xenians will only make extra contributions.

One individual has promised chest leaders a donation of the last \$100 needed to attain the \$12,000 quota providing the remainder of the money is raised.

"We hear on all sides that this winter will bring greater demands upon the chest fund than ever before, and an additional subscription drive now, will make your Thanksgiving Day more enjoyable," declared Chairman T. H. Zell.

"Those who have jobs now are giving to this community enterprise. If you have a job, and have not given, how do you feel about it? Have you done your share? If you have contributed, won't you add to your gift?"

"Make Thanksgiving a day of thanks—thanks that you are able to give and have given your limit, and for those less fortunate, a day to be thankful for. Then all will be thankful, those who give and those who receive."

### LOCAL COUNSEL TO AID LIQUIDATIONS

COLUMBUS, O., Nov. 25.—Appointment of local counsel to aid superintendent of banks in bank liquidations was announced here today by Attorney General Gilbert Bettman.

Frank A. Stetson of Elyria, will serve in the case of the Amherst Savings and Banking Company, and Berne Jones, Delaware, will serve as legal aid in the affairs of the Delaware Savings Bank Company.

Bettman also announced the appointment of William L. Robinson of Mt. Vernon, as aid in the liquidation of the Centerville Savings Bank Company.

WASHINGTON, Nov. 25.—Treasury balance as of Nov. 23—\$172,789,577.24. Expenditures \$10,229,328.24. Customs receipts \$22,090,487.05.

### SUDDEN CESSATION OF BANK FAILURES CITED BY GOVERNOR

Worst Of Depression Past Executive Declares

COLUMBUS, O., Nov. 25.—Furnishing the state with an inspiration for its traditional Thanksgiving observance tomorrow, Governor George White today reported a sudden cessation of Ohio bank failures.

A surprising falling-off in the number of bank liquidations has been disclosed in news sent to Mr. White by the state banking department. International News Service learned in an exclusive interview.

The cheering information was placed at the head of the governor's "Why I am thankful" list which was given to International News Service simultaneously the governor declared he believes the state is headed back toward better times.

"There hasn't been an Ohio bank failure since Nov. 12," the governor said he was told by banking department officials.

In previous months it has not been uncommon for the department to liquidate two or three banks daily, it was pointed out.

The governor added that the total number liquidations in the state for this month is only three, and that one of those banks is soon to be reopened.

News about the banks, he said, "evidences a restoration of confidence and trust by the people of Ohio in their banking institutions."

In addition to noting the abrupt about-face in the financial trend, the governor declared:

"We of Ohio should be thankful for evidence that we have seen the worst of the depression."

"At last we are making what probably will be slow progress in our return to prosperity."

He added that the state might well express its gratitude for abundant produce on Ohio farms this year.

"As the governor of Ohio, I am thankful for the bounteous crops in the agricultural counties. Although he may be short on money, the farmer will have plenty to eat," Mr. White said.

A note of appreciation was sounded for donors to community funds, for relief workers in the various counties, and even to the football players in the colleges and universities who will perform in charity games.

"Members of the western conference teams, and Ohio teams as well are patriotically continuing their training and giving to the several states the entire proceeds of their post-season games."

"Ohio's share of the western conference charity game receipts, I am told by the relief cabinet, may save our 40,000 poor school children in this state from great distress."

"Considering the difficulties faced everywhere, it seems to me that the state of Ohio has a great many things for which to express its gratitude tomorrow in keeping with the tradition of its forefathers," he said.

### CITIES PASS QUOTA IN CHEST DRIVES

By International News Service

A spirit of Thanksgiving abounded today in Cleveland, Columbus, and Akron where Community Fund workers, after long up-hill fights, succeeded yesterday in putting their drives over the top.

Cleveland's 13th annual campaign passed its goal with a \$30,000 margin, raising a total of \$5,680,026, although, at the beginning of the last day of the drive the workers admitted they were in doubt as to the outcome.

Columbus raised \$312,457 in its eighth day campaign although only \$897,098 was asked. A total of \$1,07,404 was subscribed the last day. Akron went over the top by obtaining \$662,856 in its campaign for \$629,526. Dayton also was expected to reach its quota.

## EQUALIZATION FEE AMENDMENT TO FARM BOARD ACT SOUGHT

### THEY BOUGHT SUGAR

Disclosure that Senator James J. Davis of Pennsylvania, top, and Senator James E. Watson of Indiana, below, both had made "paper profits" on sugar stock they purchased on credit in 1928 have brought statements from both senators that the transactions were purely private matters. Testimony was given before the senate lobby committee in Washington that in 1929 sugar interests from whom the stock was acquired became active in advocating a higher sugar tariff.

### PROBE REPORT THAT HORSEMEN OWE OHIO

COLUMBUS, O., Nov. 25.—An investigation of reports that local horsemen have been allowed to use barns at the state fairgrounds for more than two years without paying rent was promised today by State Director of Agriculture I. S. Guthery.

Publication of a story in a Columbus newspaper, saying that one horseman has not paid any rent since January, 1929, and that he had made a secret contract or reached a gentleman's agreement about the rate with some department official four or five years ago, "was news to me," Guthery declared.

Both Guthery and State Fair Manager Charles M. Beer told International News Service the horseman named in the story had advised them of an outstanding debt against himself, and had assured them that he would pay "in a few days."

### MASCHKE HEADS MOVEMENT TO REPEAL STATE DRY AMENDMENT

COLUMBUS, O., Nov. 25.—A concerted drive to obtain repeal of the prohibition amendment to the Ohio constitution, adopted in 1913, was under way here today, backed by Maurice Maschke of Cleveland, Republican national committeeman for Ohio.

Incorporation papers were filed for the Association Opposed to the State Prohibition Amendment, an organization which will sponsor the repeal campaign and attend to the circulation of petitions which would place the question of repeal before the voters in the May primaries next spring.

Maschke's signature as trustee of the organization is "most significant, as the attitude of this

### American Farm Bureau Serves Notice On Congress

WASHINGTON, Nov. 25.—Amendment of the federal farm board act to include a compulsory equalization fee provision was demanded today of congress by the American Farm Bureau Federation.

Edward A. O'Neal, president of the organization, appearing before the senate agricultural committee which is considering farm relief legislation, also formally placed the federation on record as being willing to accept the debenture in conjunction with the equalization fee.

The debenture is favored by the Grange, the other large national farmers organization. In the past the Grange and the farm bureau have been opposed over their respective measures for farm relief.

Recently it was learned the two organizations had reached an agreement whereby they would pool their interests and call on congress for the adoption of both the equalization fee and the debenture and their inclusion in the farm board act.

O'Neal's declaration gave formal confirmation of this report. The merged program appreciably enhanced the strength of both proposals before congress.

O'Neal also informed the senate committee that the farm bureau favored an investigation of the farm board. He declared the farm bureau has supported the board, but believes a senatorial inquiry "will clear the air and strengthen the position of the farm board."

The farm bureau's demand for an investigation of the board came a day after the committee had interrogated James C. Stone, its chairman, and uncovered the various holdings and financial operations of the agency.

Other amendments to the farm act advocated by the farm bureau were: increasing the authority of the secretary of agriculture over boards of trade for the purpose of curbing speculation; enactment of an extensive land utilization program providing for forestation and reforestation, soil erosion, enlargement of parks, and the establishment of government engineering experiment stations for the investigation of the problems of the mechanization of agriculture.

The farm bureau also reiterated its opposition to government operation of Muscle Shoals, and urged that the great project be devoted to the manufacture of low-cost fertilizer.

"The American Farm Bureau," O'Neal said, "will probably throw its support behind the report of the joint federal-state Muscle Shoals commission which favors operation of the shoals by a farmers' organization."

Outside of the purely agricultural field the farm bureau went on record as favoring the Norris "lame-duck" session bill, the establishment of the maternity and infancy laws, Philippine independence, and legislation "permitting manufacturers to fix the consumer price of their commodities."

Through the testimony of Stone, of the farm board, and Carl Williams, cotton member of the board, the senate committee estimated the "paper" losses of the board on its present holdings on wheat and cotton at about \$12,000,000.

The board, according to the two members, holds today approximately 189,669 bushels of wheat and 1,210,000 bales of cotton. It paid an average price of \$1.57 cents a bushel for the wheat, cotton has cost it about 18 cents a pound.

On the basis of present market prices for these two products, the board's paper losses on its current holdings are \$50,000,000 on wheat and \$72,000,000 on cotton. This is exclusive of carrying charges for wheat which amount to between 1 1/4 and 1 1/2 cents a bushel per month.

### HICCOUGH VICTIM GAINING STRENGTH

MANSFIELD, O., Nov. 25.—His continued gains in strength apparently assuring him of a return to normal health within a short time, Ira A. King, Mansfield garage proprietor who hiccoughed incessantly for two weeks, today was declared to be "in good condition."

### LATE SNOW STORM FINALLY ARRIVES

Here is a typical scene which greeted residents of Denver when the Colorado city finally got its first long overdue snow storm. Denver usually receives its first snow blanket by the middle of October. Meanwhile the thermometer registered forty below in parts of Montana though all records for mild weather were shattered in the east and sections of the middle west.

## BLIND ESCAPE FLAMES IN TRAINING SCHOOL

COLUMBUS, O., Nov. 25.—Groping their way to safety through billows of dense smoke, more than a dozen blind employees of the State Commission for the Blind escaped possible suffocation here today when a two-alarm fire swept the adult training school and destroyed hundreds of brooms.

The blind workers marched out of the smoke clouded building in orderly fashion as they had been trained in regularly-scheduled fire drills.

The blaze broke out in a rear store room for brooms. Approximately \$600 damages were done by the flames, the origin of which was unknown.

An investigation of the fire was ordered at once by officials of the state fire marshal's office.

Although damages done by the fire, smoke and water caused suspension of the school today, officials said that operations will be resumed Friday.

Only one person able to see was in the building when the fire broke out. She was Mrs. Ailie Brown, who had just brought her blind husband, Stanley, to the school. She aided in leading the blind man to safety.

Although damages done by the blaze were only slight, fire department officials indicated that a tragedy had been narrowly averted.

### FORD COMPANY WILL PLACE LARGE STEEL ORDERS THIS WEEK

NEW YORK, Nov. 25.—The Ford Motor Co. is expected to place substantial steel orders this week for December rolling, and in addition will contract with the steel mills for its first quarter requirements, calling for a minimum of 100,000 tons, according to the weekly Iron Age summary released today. It is expected that Ford's needs may amount to as much as 300,000 tons of steel, although this will depend on retail sales of motor cars.

The Iron Age points out that release of this business, which will be accounted for by similar blanket orders for other materials used in automobile manufacture, may do much toward stimulating the lagging purchases of other automobile manufacturers, since delays in Ford's production of new models have held back orders of some other companies. Assembly of the new Ford cars, will be begun about December 15, it is said.

Aside from the automobile companies industrial activity, as reflected in steel orders, the industry is still marked by extreme irregularity, gains in some directions being nullified by losses elsewhere.

The Iron Age composite prices are unchanged, finished steel at 2.15 cents a pound, pig iron at \$14.96 a ton, and steel scrap at \$8.75 a ton.

### GIRL ARRESTED IN SERIES OF THEFTS

COLUMBUS, O., Nov. 25.—A young woman who gave her name to police as Mary Jane Tuneson, of Circleville, was held today for questioning in connection with a series of robberies of fraternity houses on the Ohio State University campus.

Police believe she is the bold and elusive girl who, on four occasions, snickered into the fraternity houses, picked up cash and jewelry and calmly walked out again.

Students victimized in the robberies were to confront the girl today in an attempt to identify her as the bandit. She was arrested on a misconduct charge but was to be grilled by authorities in an attempt to link her with the University crimes.

On the four occasions when fraternity houses were burglarized, about \$126 in cash and \$50 in jewelry was obtained.

### SUBMIT TO NEUTRAL COMMISSION IF JAP ARMY IS WITHDRAWN

Dawes Says Policy Full Of Dynamite; Battle Looms

QUAI D'ORSAY, Paris, Nov. 25.—In an attempt to gain the upper hand in the Manchurian conflict, Dr. Alfred Sze, Chinese delegate, threatened today to deliver to the League of Nations council what was characterized on all sides as an "ultimatum" to Japan.

The "ultimatum" consisted of a set of detailed instructions from Dr. Wellington Koo, China's new minister of foreign affairs. In them, Dr. Sze was told to accept appointment of a neutral commission to investigate Manchuria only if Japan will agree to evacuate her troops within fifteen days after the resolution appointing the commission is adopted.

Dr. Sze, placid and unemotional, informed the members privately this afternoon that the instructions from Nanking had been received.

"Well," he said in effect, "here is what Wellington Koo says."

The effect of his informal presentation of the instructions was like a bombshell. Members of the council and United States Ambassador Dawes stood aghast. The American ambassador, it was understood, lost no time in telling Dr. Sze the instructions were packed full of "dynamite." Others labelled them as a flat "ultimatum," declaring such action at the present time would "never do."

Seemingly satisfied with the effect of his announcement, Dr. Sze then informed the council that if Japan would agree to cease hostilities and begin withdrawal of troops immediately, he would keep the instructions in his pocket.

Otherwise, he said, they would be laid on the council table in the clock room of the foreign office, with the probability that invocation by China of Article X. of the League of Nations Covenant providing for the territorial integrity of all League members, would follow.

The situation remained in the air up to an early hour this afternoon. Meanwhile, the council received a telegram reporting that three trainloads of Japanese soldiers, preceded by armored trains, were proceeding down the neutral Peiping-Mukden railway as far as Changchun, indicating a general movement toward Chinchow, provisional headquarters of Marshal Chang Hsueh-Liang, deposed governor of Manchuria.

### TOM MIX REPORTED NEAR DEATH AFTER APPENDIX SURGERY

CHINCHOW, MANCHURIA, Nov. 25.—The remnants of Marshall Chang Hsueh-Liang's Manchurian army are making hurried preparations today for the expected offensive by the Japanese whose reported aim is to drive the last Chinese soldier south of the great wall.

With Japanese detachments reported approaching from the region of Mukden Chinese soldiers are hastily throwing up trenches along the railway outside Chinchow. Cavalry patrols are active outside the city and Chinchow itself is thronged with soldiers.

Similar scenes can be observed in villages nearby, according to foreign observers just returned from an observation tour.

General Yung Cheng, however, told International News Service that instead of the army of 100,000 to 200,000 men the Japanese claim he possesses in this vicinity he actually has "below thirty thousand men."

Military leaders admit the chance of resisting successfully a general Japanese attack is very slight but they intend to do their best. The Chinese garrison appears to be composed mostly of schoolboys whereas the Japanese are well-trained and equipped.

Foreigners for the most part are leaving this ancient, dilapidated walled city, fearing more Japanese air raids as the action nears Chinchow.

A French priest, Father Prosper Cordon, showed me where a bomb had chipped the mantle in his home in the last Japanese air raid that caused such energetic Chinese protests to the League of Nations a month ago. The residences of a British mission group and of Dr. Thomas Fulton, Mrs. Fulton and Dr. Morris MacIntyre of the Irish Presbyterian mission, are nearby.

"This is nothing new to us," Dr. Fulton said. "We are used to fighting of all kinds since bandits have operated in this region on a large scale for the past ten years."

"Nevertheless, their activities have increased enormously since the Japanese occupation of non-treaty areas in September."

It was Dr. Fulton's view that it would be "sheer madness" for the Chinese to attempt to defend Chinchow against a Japanese attack in force.

### CLIPPER LEAVES ON RETURN FLIGHT

COLON, Panama, Nov. 25.—Carrying sixteen passengers, the giant Pan-American Airways liner American Clipper left here today for Barranquilla, Colombia, on the first leg of its return flight to the United States.

### SUIT CONTINUED AS WITNESS' ANSWER HELD PREJUDICIAL

It does not always pay to tell the truth, the whole truth and nothing but the truth from the witness stand in the trial of a court case.

Jury trial of the \$10,000 damage suit filed by Ray Rector, 24 California St., on behalf of his 9-year-old son, William H. Rector, against the Hoover and Allison Co. local cordage firm, was brought to an unforeseen end in Common Pleas Court Tuesday when a Dayton physician, summoned as a witness, made a correct but unethical answer to a question put to him by Attorney L. T. Marshall, plaintiff counsel.

The unfortunate answer of the witness revealed the fact an insurance company is involved in the case and is the actual defendant. Dr. Farmer, the witness, testified he had examined by request of the insurance company, the Rector child, who was injured when struck by an auto owned by the H. and A. Company last March 12.

While insurance companies are the actual defendants in many damage suits due to insurance policies they have issued, courts have held that this fact must be held from the jury when the cases are tried.

Revelation of an insurance firm's interest in a case furnishes grounds for prejudicial error and more often than not judgments of the trial courts are set aside for this reason. It is explained.

Testimony on behalf of the plaintiff was almost completed when the Dayton witness took the stand, and after his slip of the tongue, defense attorneys immediately made a motion for a continuance of the case until a new jury can be impaneled.

Judge R. L. Gowdy granted the motion. A new jury venire will not be drawn, however, before the January term of court.

The damage suit, trial of which was begun Tuesday morning, is based on the fact the 9-year-old boy, according to the petition, suffered a brain concussion and impaired eyesight when knocked down by an auto driven by John Fluorfelt, employee of The Hoover and Allison Co. The child was returning home from St. Bridget school and was struck at the Cincinnati Ave.-W. Second St. intersection.

### STATE TRAFFIC EXPERT WILL OPPOSE DIXIE HIGHWAY SPLIT

COLUMBUS, O., Nov. 25.—A setback was dealt by the State Highway Department today to cities urging that U. S. Route 25, or the Dixie Highway, be split into two divisions.

Although spokesmen for Kenton, Bellefontaine, Urbana, Springfield, Xenia and Lebanon have declared that the destination of the road through their cities as U. S. Route 25 East would save tourists thirty-five miles in traveling from Toledo to Cincinnati, Highway Department officials denied the saving will be so great.

Following an investigation, Harry E. Neal, traffic expert in the Highway Department, declared

such a change would reduce the distance only eleven miles.

Traffic over the proposed Eastern division is not as great as has been claimed by representatives of the cities asking for the change, Neal added.

Although they have pointed out that the traffic may be from 8,000 to 12,000 cars a day, Neal said the heaviest travel on the road, near Springfield, showed an average of only 3,150 vehicles a day.

On the basis of these findings, Neal said, he is not yet able to recommend that the road be split. Lima, Piqua, Dayton, Middletown, Hamilton and other cities along the Dixie are vigorously opposing any such change, he said.

### OUSTER SUIT FILED AGAINST BEAVER SCHOOL BOARD MEMBER

Whether Erith Shoup or Edward Stafford is legally entitled to serve out the balance of the unexpired term of George Shank, who resigned as a member of the board of education of Beaver Creek Twp. rural school district last July, is to be decided by the Court of Appeals of the second judicial district.

This disputed question was brought to a head Tuesday when an ouster suit was filed directly in the appellate court by Shoup against Stafford.

The appeals court allowed an alternative writ, returnable to the court at Dayton at 9 a. m. December 2, at which time Stafford will be required to indicate by what authority he is holding office as a board member.

The complicated situation arose when the school board, after electing Stafford to fill the vacancy

last July, elected Shoup last November 9 to the same place on the board, ignoring the previous appointment of Stafford.

Shoup, in his ouster suit, argues he was elected by a vote of three of the remaining four board members whereas the previous election of Stafford, he claims, was illegal by reason of the fact Stafford was selected by a vote of only two members, this number being less than a majority of all the remaining members.

Attorney Marcus Shoup represents the plaintiff.

### FREE HUNTERS WHEN LICENSES FOUND

Unable to produce their hunting licenses, two of three Dayton hunters arrested Tuesday by Elwood D. Stroup, Greene County game protector, were detained in custody until late in the afternoon, when they were released by Municipal Judge E. Dawson Smith.

Then men were freed after one of them, who had been permitted to return to Dayton, came back with the licenses the trio had neglected to bring on the hunting trip.

The game protector warns hunters that the fact they possess licenses, but leave them home, does not excuse them under the law. Licenses must be carried on the person and exhibited on request.

# Here TODAY Gone TOMORROW

You can say that of your merchandise if you tell the public through newspaper advertising of the money-saving values you have to offer.

Advertise them quickly, now, today! Then watch the shoppers flock to your store. For good business news travels fast, brings idle dollars out of hiding, puts them to work.

Put them to work keeping the bells of your cash registers a-ringing. Make them play the merry, quick tune of cash sales through up-to-the-minute newspaper advertising in step with the fast tempo of the times.

Your values are news, good news, to the public. The place to announce them is the newspaper advertising columns. And the time is now while the news is hot.

## SOPRANO APPEARING HERE RECEIVES PRAISE

Madam Eleanor Buckley, soprano, who will appear at the First M. E. Church here December 3 under the auspices of the choir of that church, has received praise of her voice both in the United States and abroad. Following are several press comments on her appearances in various cities:

"A voice of remarkable sweetness and purity, combined with great range and faultless breath control."—London Times.

"This charming soprano won her hearers by her dramatic singing of Elizabeth's greetings as well as her bird-like trills."—Glasgow Herald.

"The soprano, Madam Eleanor Buckley, who has a very beautiful voice is exceptional. She did excellent work."—Brooklyn Citizen.

"Madam Buckley has a voice so like a bird that one might close his eyes and imagine himself with the feathered folk of the forest. She received what amounted to an ovation."—Tacoma Daily Ledger.

The admission price to the concert has been made reasonable that everyone will want to take advantage of the opportunity to hear this renowned singer, it is said.

## SCHUBERT CLUB HAS INTERESTING MEETING.

The Misses Martha Ann and Eldora Baughn were hostesses to members of the Schubert Music Club when it met Tuesday evening at their home on E. Market St. Twenty-four members were present and the meeting marked the beginning of the club calendar year.

Mrs. William Anderson, president of the Xenia Woman's Music Club, was present and led an interesting discussion on the origin and development of music. A delightful paper on "The Orchestra" was read by Richard Ross. Members of the first division furnished the program.

The Christmas party of the club has been moved forward to Wednesday evening, December 16, and members are asked to not the change in date.

Tuesday evening's program was as follows:

Violin—"Minuet in C" — Haydn  
Betty Savage  
Piano—"Dance Caprice" — Grieg  
Rachel Bell  
Vocal duet—"A Brown Bird Singing" — Haydn  
Martha Ann and Eldora Baughn  
Piano—"Waltz" — Schumann  
Mary Davidson

## OFFICERS ELECTED AT CLASS MEETING

Miss Helen Hess was elected president of the M. G. L. Class of the First M. E. Church when members met at the home of Miss Ruth Rumbaugh, Upper Bellbrook Pike, Friday evening. Other officers elected were Rita Rousseau, vice president; Louise Ketter, secretary; Ruth Rumbaugh, assistant secretary; Annetta Price, treasurer and Helen McCoy, assistant treasurer.

Games and contests were enjoyed after the business meeting and prizes were won by Miss Louise Ketter and Miss Louise McCoy. Those present were Miss Margaret Spellman, teacher; the Misses Rita Rousseau, Louise McCoy, Louise Ketter, Helen Hess, Kathryn Keller, Lucille Rumbaugh, and the hostess.

## W. R. C. HOLDS DINNER AND INSPECTION

Annual inspection of the local Women's Relief Corps was conducted in post hall, Court House, Tuesday afternoon by Mrs. Mary V. Cosler, Springfield. Preceding the inspection a covered dish supper was enjoyed and there were covers for fifty guests and members from Washington C. H., Wilmington, Dayton, Springfield and Xenia. Three members of the G. A. R. were special guests and Mr. D. R. Brewer presided as toastmaster.

Another feature of the afternoon's program was a contest in which a hand embroidered quilt was won by Miss Nona LeVallay, Dayton.

## TRINITY EPWORTH LEAGUE TO FORM CLUB

The Epworth League of Trinity M. E. Church will organize an M. V. I. C. Club when it meets at the church Sunday afternoon at 4 o'clock. It is announced. The club will interest itself in the Miami Valley Institute to be held in July at Chautauqua, O., and already the club has rented a cottage for the summer there.

The club will meet once a month to plan dramatics, musical numbers, athletics for the institute next summer and dues received each month will be applied on expenses at the institute. Following the meeting Sunday evening a pot luck supper will be served.

## The Service Class of the Second U. P. Church will meet at the home of Dr. and Mrs. H. B. McElree, W. Market St., Friday evening.

## Stop Night Coughing

Night coughing is almost always caused by an irritated, inflamed throat; so is almost all coughing. Ordinary cough syrups do not reach these conditions, but Thoxine, a prescription exclusively for throat troubles, does. It relieves the irritation and the cough stops within 15 minutes. And Thoxine goes further too. It eliminates the internal cause which many times develops into serious illness.

A swallow of Thoxine before retiring absolutely prevents night coughing and insures a good night's sleep. It gives the same speedy relief for sore throat too. It contains no chloroform or other harmful drugs and children like it. Relief is guaranteed within 15 minutes or money back. 35c. 60c. and \$1.00 bottles. Sold by Sohn's Drug Store and all other good drug stores. Adv.

Mrs. Elsie Barran—Correspondent Phone No. 192

Mr. and Mrs. Daniel Hoak, of Main St., are the proud parents of twins born Tuesday morning. The babies, a boy weighing five and one-half pounds and a girl weighing the same are reported as "kicking happily."

Mr. John Morris and daughter Edith Morris, were guests of Mr. and Mrs. Raymond Strome Sunday afternoon and evening.

Mr. and Mrs. William Gamble and son Bobby were visitors in Dayton Sunday.

The Junior choir of the M. E. Church is practicing for its Christmas entertainment to be given Tuesday, December 22.

Mr. and Mrs. L. E. Rotroff of Miamisburg, Mr. and Mrs. O. Speakman of Springfield, Mr. and Mrs. S. M. Morris of Brighton were dinner guests of Charles Alexander and niece Sunday.

The Junior choir of the M. E. Church gave its first program of the season Sunday evening. The program opened with an organ recital by Mrs. Joe Harner. Scripture reading and prayers were given by Agnes Sanders. The choir's first offering was the folk song, "We Gather Together." Billy Rupp, Mary Jane Velzy, Bobby Wilson, Marietta Beal and Louise Armstrong played "Fantasia in D Minor" by Mozart. The program closed with benediction by the Rev. J. O. Young. Mrs. Virgil Moser is the director of the choir and a great deal of the credit of the success of the choir goes to her. The church, owing to the great number of people who attended, was crowded to capacity.

Santa Claus Announcing:

All Toyland is tremendously excited. Important invitation recently received causing much talk. Santa Claus very much worried. Vixen, Santa's mischievous reindeer, cannot be found. Special search party leaving for place Vixen last seen. All other preparations being made as rapidly as possible. Santa declares he cannot possibly leave without Vixen.

Vixen has always caused much worry. She eats the ears of dolls, licks the paint off the toys. Upsets Santa's sleigh causing much loss of toys. Children who do not get the present they ask for often have Vixen to blame. For it. When they are suffering disappointment they should remember that mothers and fathers are very often just as much disappointed when their little boys and girls through mischievous pranks cause trouble and sorrow to other little boys and girls and perhaps to even grown-ups.

Undoubtedly Vixen is hiding just to vex Santa Claus and after

**CONVERTED HINDU TO SPEAK SUNDAY AT XENIA CHURCH**

Arthur Novene Christner, Calcutta, India, a converted Hindu, who was one of the world's great magicians and jugglers before his conversion to the Christian faith twenty-two years ago, will be the principal speaker at a special meeting of the Luther League at the First Lutheran Church, Sunday at 6:15 p. m. The Rev. Adrian G. Lebold, pastor, will have charge of the service.

Mr. Christner has made two trips around the world. He speaks twelve different tongues, and reads and writes three languages. He has escaped from two shipwrecks, two floods and two earthquakes during the course of his travels.

In his presentation at the Lutheran Church Sunday evening, Mr.

Christner will tell the story of his life and conversion from old Hinduism to Christianity.

Mr. Christner is now living in Springfield and is in constant demand to speak before congregations, brotherhoods, young people's societies, at missionary meetings, and public schools. There will be no admission charged, but the usual silver offering will be taken at the close of the service.

**COMPANY REWARDS THREE EMPLOYEES; SAVED MAN'S LIFE**

Credited with saving the life of a fellow employee who was struck by lightning, three Xenia employees of The Dayton Power and Light Co. were rewarded by the company at a mass meeting of 1,000 company employees at the National Cash Register Co. schoolhouse in Dayton Tuesday night.

Presentation of the insull medal was made by E. H. Heathman, Xenia district manager, to Carl Sparrow and Alva Briggs, and a certificate of recognition was awarded Frank Weiss.

Prompt measures taken by the trio saved the life of Lawrence G. Filson, 34, this city, a company truck driver, who was struck by lightning at Yellow Springs last July 18. Weiss was foreman in charge of a crew of four men engaged in repairing lines that fell

following a severe storm the preceding evening. Sparrow and Briggs, Filson's companions, applied the knowledge they received in special first aid training given employees of the company.

# SPORT SNAP SHOTS FRAMED by Phil

Overruling his protests, this department assigns to J. Fred Schultz the job of being the last one this season to pick football winners for us. "Dutch," who says football doesn't interest him much any more, has reluctantly hazarded guesses on a total of thirteen games to be played this week, seven on Thanksgiving Day and six on Saturday. Here are J. Fred's predictions and we may need a bodyguard after he sees them in print:

**Thanksgiving Day**  
Colgate to beat Brown.  
Carnegie Tech to beat New York U.

Syracuse to beat Columbia.  
Cornell to beat Pennsylvania.  
Haskell-Xavier to play tie game.  
Miami to beat Cincinnati.  
Pittsburgh to beat Nebraska.  
**Saturday**  
Dartmouth to beat Stanford.  
Georgia to beat Georgia Tech.  
Detroit to beat Georgetown.  
Notre Dame to beat Army.  
Yale to beat Princeton.  
Navy to beat Wooster.

"Bunny" Purdon thinks a fellow ought to be admitted free to all these "charity" football games.

Clarence Brennan, motion picture operator, declares he never hopes to see a better football game than that Notre Dame and Southern California staged.

R. Hayes Hamilton, who has viewed five of the biggest football games in California, agrees that the Notre Dame-California contest eclipsed anything he has seen.

"Cedar" Phillips, general barber at Harve Coates shop, has an ambition—that being to see a Notre Dame football team play. The trouble is the Ramblers always play on Saturdays, a busy day for barbers, according to Mr. Phillips.

It is generally admitted that the wrath of the footballers of South Bend will be descended upon the innocent heads of the Army football team Saturday. Army is in a tough spot because Notre Dame will not show much mercy.

Carlton "Whitey" Lunsford, Xenia, regular end on the University of Cincinnati football team, will bring his collegiate grid career to a close Thanksgiving Day when the Bearcats meet Miami. A lot of passes will probably be thrown his way because Cincinnati may rely chiefly upon passes to gain ground. In the Heidelberg game, Lunsford and the other end, Metz, caught eleven airmails for 218 yards.

Piqua Central High played a charity football game with Tipp City last week. Net proceeds from the benefit contest amounted to about \$75 but the best thing about the game Piqua felt was the fact the Indians won, it being their first victory this season.

Three Southern football teams now remain as the only unbeaten and untied major college elevens in the country. Tennessee, Tulane and Southern Methodist are the three in question.

## Bowling

With Hollis "Batter" Peterson recording a fine series of 638, the Famous Autos won the odd game in three from Krippendorf in a Recreation League bowling match Tuesday night. The winners totaled 2,653 pins. Leach rolled 545 for the losing team. Box score:

Famous Autos		
Cox	180	135
McCoy	176	162
Swindler	190	180
Horner	170	189
Peterson	195	209
Totals	911	875
Krippendorf		
Bales	182	184

# Cedarville Books Seventeen Court Games

## PLAYS WILMINGTON IN OPENING FRAGAS THERE DECEMBER 9

Coach Borst Starts Court Practice Next Monday

Seventeen games, a few of which are still in a tentative stage, have been booked for Cedarville College's basketball team for the 1931-32 cage season. Coach Marvin Borst announces:

The Cedarville mentor also reveals that, in addition, he is dickering for two games each with Urbana Junior College and Bluffton.

The Yellow Jackets will initiate their court season December 9, playing Wilmington College at Wilmington.

In between school semesters, it is tentatively planned to take the court squad on a flying trip into Kentucky and West Virginia to play three games in four nights. Cedarville would meet Morris Harvey College at Barboursville, W. Va., January 29, New River State in West Virginia, January 30 and Morehead State Normal at Morehead, Ky., February 1.

Basketball practice will be started next Monday. Prospects for a team as strong as those which have been representing the school on the hardwood for several seasons past are not promising, but a lot will depend upon ability shown by a few outstanding freshman candidates.

Deprived of the services of Turner, Townsley, the Boyer brothers, Collins, McLaughlin, Baker and Gordon by graduation, Coach Borst must build his team around four lettermen, all of whom were on the first-string squad of last season.

Rife and Bost, forwards, Spencer, center, and Garlough, guard, are the seasoned performers available. The freshman crop will include Harriman former star for Cedarville High; Reno, an all-county court star from Good Hope; Brokaw from London and Christian, from the northern part of Ohio.

Here is the incomplete court chart:  
Dec. 9—Wilmington away.  
Dec. 11—Xavier at Cincinnati.  
Dec. 15—Dayton U. away.  
Jan. 8—Bliss College away.  
Jan. 9—Wilberforce at home.  
Jan. 15—Rio Grande at home.  
Jan. 16—Wilmington at home.  
Jan. 22—Defiance away.  
Jan. 23—Findlay away.  
Jan. 29—Morris Harvey away.  
Jan. 30—New River State away.  
Feb. 1—Morehead State away.  
Feb. 3—Dayton at home.  
Feb. 5—Rio Grande away.  
Feb. 12—Bliss College at home.  
Feb. 20—Wilberforce away.  
March 2—Findlay at home.

## WEDNESDAY CLOSES PHEASANT SEASON

Terminating a ten-day open season on cock birds only, Wednesday is the final day of pheasant shooting in Ohio. The partridge season also closes the same day.

Pheasant became legal game with the opening of the rabbit season November 16. The rabbit season, however, will be prolonged through December and including January 1, but in order to hunt on January 1, the final day, hunters will be required to take out 1932 resident hunting licenses.

## EAST END NEWS

## THANKSGIVING DAY OFFERS FAN VARIED GRID MENU THURSDAY

NEW YORK, Nov. 25.—Thanks-giving Day, the day when many of the country's gridiron leaders sing their annual swan songs, offers the football fan tomorrow a varied program, studded with several of the outstanding pigskin clashes of the season.

Penn-Cornell, as usual, is the big game in the East on Turkey Day. Pitt-Nebraska, N. Y. U.-Carnegie Tech, Colgate-Brown and Holy Cross-Boston College, however, will provide the spectators along the Atlantic seaboard with just as many thrills, even though they haven't the tradition behind them that this thirty-eighth meeting of the Ithacans and the Quakers carries with it.

None of the middle western leaders will see any action tomorrow, but down South Tennessee, one of the three unbeaten and untied elevens in the country will put its winning streak in serious jeopardy when it tackles Kentucky.

## REORGANIZATION OF COMPANY L IS NOW AT ENLISTMENT STAGE

### N. Y. STOCK MARKET

NEW YORK, Nov. 25.—The stock market was unsettled this morning by another outpouring of railroad stocks, which carried prices of a number of the favorites to the year's lowest prices. United States Steel and Westinghouse also joined the list of market favorites breaking through to new low levels, big steel dropping more than 2 points to 58½ in the early selling wave.

The campaign for complete reorganization of Company L, 147th Infantry, Ohio National Guard, has progressed to its final stage—that of procuring an entirely new enlisted personnel in order that the standards of the local guard unit may be raised to the proper level.

This disclosure was made at a luncheon-meeting Wednesday at the O. S. and S. O. Home of the general committee that has had charge of the reorganization movement.

Reports given by the public education and publicity sub-committees revealed all civic and fraternal organizations in the city have been acquainted with the functions of a National Guard company and the arguments in support of the contention on such a company is a distinct community asset. Speakers qualified to present the advantages of a well-organized guard unit to a city were furnished the clubs and organizations by the general committee.

The committee has prepared a list of names of 100 eligible young men in Xenia and from this number about sixty of the most desirable prospects will be interviewed individually by representatives of the local committee and urged to join the Xenia company. It will be necessary to obtain slightly more than sixty new enlistments if the company is to be recruited to its full peace time strength.

## Male Stars Dress Swell, Clothing Stores Do Well

While feminine screen stars need to spend about \$10,000 annually to be smartly dressed, fashions for men come much cheaper in Hollywood and the male star can get by on a fourth of that amount.

Robert Montgomery says clothes cost him about \$2,500 a year. Ben Lyon, another of Hollywood's best dressers, figures he has invested \$12,000 on wearing apparel since 1927 and his wardrobe contains forty-five suits.

Bob says he needs one riding suit, two golf outfits, two dinner suits (one single-breasted jacket and one double-breasted), ten business suits, three overcoats, three robes, one cutaway and one

Jimmy Gleason has four, Ralph Forbes three and John Cromwell nine. Robert Montgomery is another polo player in the film colony and Reginald Denny is about to take up the game. Studios are concerned about high-salaried players taking up the dangerous sport.

Xenians who saw Lois Wilson's fine interpretation of the mother role in Universal's version of the Charles G. Norris novel, "Seed," will find it difficult to understand why the Laemmle organization didn't keep her under contract. After "Seed" she made one more film, "Saint Johnson" and is now through. The star of the famous silent picture, "The Covered Wagon" has found the talkies a bit difficult.

Mrs. George Slagle, Chestnut St., arrived home after spending two months in Ireland, where she was born.

Organization of the Greene County Y. W. C. A. was effected at an enthusiastic all-day meeting in the First M. E. Church. More than 500 membership cards have already been signed.

Post office officials are urging Xenians to facilitate the receipt of their mail by erecting conveniently accessible boxes or cutting suitable slots in their doors.

full-dress outfit. Then, of course, flannels for summer, sweaters, gloves, hats and three or four dozen shirts.

There are probably many men in private life who have a larger wardrobe.

Miss T. Unten, scenario writer for the Nikkatsu studio in Tokio, who is visiting Hollywood, says the best-liked American pictures of last year in Japan were "The Love Parade," "Rio Rita," "The Hollywood Revue" and "The Singing Fool."

An actor who is a prime favorite among the Japanese is Gary Cooper. They call him "The Sweetheart of the World." According to Miss Unten the talkies wrought havoc with the Beshi, that formerly important institution in Japanese motion picture theaters. The Beshi used to stand by the screen and translate titles, also providing sound effects such as the bark of a dog, the cry of a baby, etc. Now there is nothing left for the interpreter to do but translate dialogue. The Japs have a new name for him. Setsumetsu.

Clark Gable, latest Hollywood recruit to the fast-growing polo crowd in Hollywood, had his first fall Monday while riding at Del Monte, but escaped injury. The former Cadiz, Ohio, boy who made good in Celluloidia has just purchased a modest stable of two polo ponies.

### CALF CLUB MEMBERS WILL LEAVE SUNDAY TO ATTEND EXHIBIT

Greene County Beef Calf Club boys, their leaders, parents and friends, will entrain for the Cleveland Junior Livestock Show Sunday, leaving Springfield at 11 a. m., over the New York Central line. It was announced at a meeting of the Club Monday evening at the Court House.

Special rates for the trip have been obtained and any one interested in attending the show may go with the group.

The forty-two calves which are to be exhibited and sold at the show will be loaded at Xenia Friday evening at 4 o'clock. The show and sale of the calves from Ohio, Indiana and Michigan will last from Monday to Wednesday, and the group will leave Cleveland Thursday at 8:45 a. m., arriving at Springfield at 12:52 p. m.

The boys will be guests of the Cleveland Chamber of Commerce at a banquet at Hotel Winton Monday evening and attend the rodeo at the equestrium following the banquet. Tuesday forenoon a sight-seeing trip will be made in Cleveland, including Nela Park, the home of the Mazda lamp, and the printing department of the Cleveland Plain Dealer. Wednesday morning the boys will visit the meat packing plants and that evening will be the grand parade of the steers, followed by the auction.

Prof. H. P. Rusk, of the University of Illinois will be the main judge, and Col. Carl Gartin of Greensburg, Ind. will be the auctioneer.

Free lodging will be furnished the boys and their leaders by the Cleveland show at the equestrium. A record book which tells how the member fed his steer must accompany each exhibit.

### CAST CHANGED FOR CHARITY OFFERING

Two changes have been made in the cast of characters of "Adam and Eva", a three act comedy to be presented by the Xenia Little Theater at the Xenia Opera House Friday evening for the benefit of Xenia's Community Chest.

Mrs. Joseph B. Mason and H. A. Higgins will portray the parts taken by Mrs. Marshall Wolf and Paul Collins, respectively, when the play was presented October 27. Mrs. Wolf and Mr. Collins will be unable to take part because of illness. Mrs. Mason and Mr. Higgins have taken part in a number of the Theater's productions and are well-known to Xenia audiences for their acting ability.

Tickets were placed on sale Wednesday morning at a number of business houses and are selling for fifty cents for adults and twenty-five cents for children. There will be no reserved seats.

### STOP THAT COLD

DISTRESSING cold in chest or throat—that so often leads to something serious—generally responds to good old Musterole with the first application. Should be more effective if used **once every hour for five hours.**

This famous blend of oil of mustard, camphor, menthol and other helpful ingredients brings relief naturally. Musterole gets action because it is a scientific "counter-irritant"—not just a salve—it penetrates and stimulates blood circulation, helps to draw out infection and pain. Used by millions for 20 years. Recommended by doctors and nurses.

To Mothers—Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

"I'll stand by it!"

"I'll stand by tobacco . . .  
in good times, in hard times . . .  
all kind of times . . . it helps a whole lot!"

"I GREW up with tobacco. Mostly I smoke cigarettes now—but I've smoked plenty of cigars, and pipes, too. And I never got anything but good from tobacco in any form—pipe, cigar, or cigarette—and that goes for every smoker I ever heard about.

"Why, I remember as a boy, way back, how the old folks in the fall used to pick and cure tobacco from a little patch they'd raised, and save out the best for their own smoking. And my father fought all through the war, and lived to be ninety.

"He'd certainly appreciate what we get today, though. Just think about these CHESTERFIELDS

of mine—fine tobaccos from all over the world, and cured and blended just so; you couldn't get anything purer or milder. Cleanest factories you ever saw, too—never a hand touching the cigarettes . . . everything up to date.

"A big improvement over the old ways . . . reckon that's why I like CHESTERFIELDS so much. I notice most of my friends get a lot of pleasure out of them, too.\*

"But what I started out to say was, you can always depend on tobacco, no matter how things are going. Probably there was never anything in the world that meant so much to so many people, and cost so little, as tobacco—whatever way they smoke it.

"Yes, sir—I'll stand up for tobacco as long as I can strike a match!"

\*NOTE. In the sections where tobacco grows and where people know tobacco, Chesterfield is usually the largest-selling cigarette.

You'll Be Proud to Say

"I Have a  
New Vanity  
Range in  
My Kitchen"

There's a joy in ownership of a New Vanity Gas Range afforded by no other range, because there is none other like it. Where else can you find all the conveniences of a modern gas range, a compact kitchen cabinet and a handy table except in

Moore's

## VANITY

Tomorrow's Range Today!

Come in and let us show you this new and truly marvelous piece of household equipment. Once you see it and know its fine qualities you'll never be satisfied until you own a VANITY. And the price is most reasonable, too. Once it is installed you'll never be satisfied until you've shown all your friends how much more beautiful and convenient it makes your kitchen. Why not come in tomorrow?
